解答

D. did I realize how ill she was

解説と関連知識

1. 文頭に Not until があるから、後ろは「疑問文型倒置」→B および C は不適

A. 疑問文型倒置

1. 仮定法 if の省略

Ex. If He were here, I would be happier. → Were he here, I would be happier.

2. 否定の副詞(句・節)が文頭 ※下記 B・C・D も参照

Ex. I have never been to India. → Never have I been to India.

3. 同意表現

Ex. "I like apples." "So do I." / "I can't remember his name." "Nor/Neither do I."

B. 「SV してはじめて」の表現

Ex. Compensation will not be taken until you are satisfied.

→ Not until you are satisfied will compensation be taken.

Ex. She showed me the photograph only when she was 20 years old. ※only は否定語

→ Only when she was 20 years old did she show me the photograph.

C. 「SV するとすぐに」の表現

Ex. As soon as I got home I went to bed.

= I had hardly/scarcely got home when/before I went to bed.

→ Hardly/Scarcely had I got home when/before I went to bed.

= I had no sooner got home than I went to bed.

→ No sooner had I got home than I went to bed.

D. 否定の副詞句で頻出のもの

by no means / on no account / under no circumstances } 「決してない」= never
/ in no case / in no sense / in no way }

2. how 節が realize の目的語であるから、A の受動態は不適。Not until の節に対する主節は過去完了形ではなく過去形を用いる(と今は覚えておく)から、E は不適。
